Startup, Solar Related conferences

 Edit |  Delete

6 Jul 2013 – 5 May 2016 | Delhi NCR, Delhi, Gurgaon, Noida, Surat Gujarat

I have attended many startup related events, conferences etc of big corporates & other private companies related to
startups have attended Short 3 day (Full Day) course on Solar in Surat. There are several links, emails (Eventbrite,
other websites & payment info related to it so i am not mentioning it in the link option below). I do attend webinars on

other topics & too & am eager to find more relevant good webinars with good & right content. The best virtual content I would say so far was from SAP & few other companies.

I sometimes out of curiosity try to experiment new products & find new applications of it or new properties of it, products available here or something from the nature, a lot of it has led to some success in terms of applications or learning. I do like TV channels & other videos which have content to learn from & is engaging or memorable enough.
